

CONTENTS

Probability mapping of saline and sodic soils in the Harran plain using a non-linear kriging technique	76
<i>Ali Volkan Bilgili, Mehmet Ali Çullu, Salih Aydemir, Aydın Aydemir, Ahmet Almaca</i>	
Probabilistic models of spatial fluctuations of edaphic properties in native soils in steppe zone of Western Siberia	82
<i>Irina Mikheeva</i>	
Pedotransfer capacity of nickel and platinum nanoparticles in Albeluvisols Haplic in the South-East of the Western Siberia	90
<i>Sergei Kulizhsky, Sergei Loyko, Artyom Lim</i>	
Dynamics of soil cover state and degradation processes intensity in natural soil zones of the Altai Region	97
<i>Gennady Morkovkin, Yekaterina Litvinenko, Nina Maksimova</i>	
Dependence of aggregates water stability from the contents of hydrophilic and hydrophobic components in the organic matter of chernozems	102
<i>Evgeny Milanovskiy, Alexandr M. Rusanov, Evgeny Shein</i>	
Sorption – desorption of imidacloprid insecticide on Indian soils of five different locations	107
<i>Shailendra Singh Chauhan, Anjana Srivastava, Prakash Chandra Srivastava, Ankita Verma</i>	
Morpho-physiological changes caused by soil compaction and irrigation on Zea mays	114
<i>Ahmad Najib Kobaiissi, Ali Ahmad Kanso, Hussein Jaafar Kanbar, Véronique Antonios Kazpard</i>	
Effects of iron and aluminum oxides and clay content on penetration resistance of five Greek soils	122
<i>Stefanos Stefanou, Agapi Z. Papazafeiriou</i>	
Determination and monitoring of land use changes by using quickbird satellite data and aerial photographs in a selected area of the Northern Adana in Turkey	131
<i>Canan Çopur Kitiş, Suat Şenol</i>	
The effects of some organic fertilizers on nutrient contents in hybrid <i>Gladiolus</i>	140
<i>Ferit Sönmez, Arzu Çığ, Füsun Gülser, Gülcinay Başdoğan</i>
